七、閱讀測驗，一題 2 分，共 24 分。

Dear Polly,

Long time no see. I miss you a lot. How's everything? Are you still busy preparing for tests every day?

Today is my third week in Africa. I enjoy my life here. I live with my uncle, aunt, and cousin. They are really nice. I love them very much, and they love me, too. My uncle and aunt are doctors. They are very busy, so my cousin Linda and I share the housework. She cooks dinner and mops the floor, and I do the dishes. Her bed is next to mine, so every night before we sleep, we talk about everything.

I like my school here. It's very big. We have only five classes a day. After 2:30 in the afternoon, we students go to different clubs. I'm on race team. Every year on March 5th, there is a big race for junior high school students in the city. Good runners from different schools join the race. I practice with my team every morning. We want to win the race.

Love,
Kay

Most countries in the world celebrate Mother's day in May, but Father's Day is different. The date of Father's Day is different around the world. In the USA, after seeing Mother's Day become a national holiday, a daughter wanted to celebrate Father's Day on June 5 in 1910 because it was her father's birthday. In 1966, the president of the USA made the third Sunday of June Father's Day. People in Australia and four other countries in the southern hemisphere also wanted to celebrate it in a nice season. That's why it is on the first Sunday in September, and the first Sunday in spring. Father's Day is on March 19 in Spain. It is the birthday of one of the greatest people in their religion. Closer to home, people in Thailand have Father's Day on December 5. It is also the birthday of their king. In Taiwan, we thank our fathers on August 8. In Chinese, the number "eight" sounds like "dad," so it is on the eighth day in the eighth month of a year.

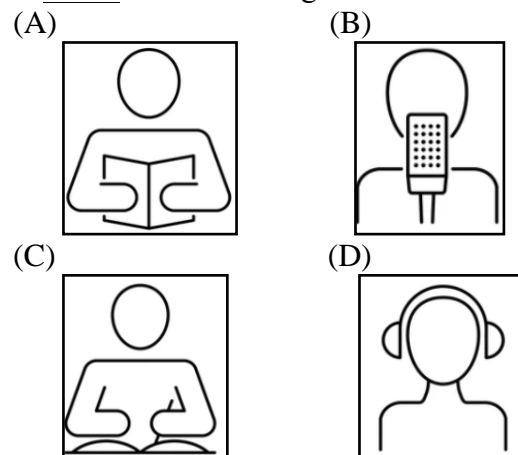

The date of Father's Days may be different around the world, but most people celebrate it with cards, delicious food, and nice gifts. Most importantly, it is always a day to spend with family.

(D) Mother's Day started before Father's Day in the USA.

Do you like cellphones? I think they're great. We can use them anywhere! We can do many things with cellphones. We can call people. We can text our friends. We can take pictures.

The first cellphone was super big. It was heavy. It weighed one kilogram(公斤)! People could only talk for 25 minutes. That is very short! Martin Cooper is called the "father of the cellphone."

He made the world's first cellphone. He made it in 1973. That was 50 years ago! Mr Cooper's cellphone was about 5,000 US dollars. That's over 150,000 NT dollars. Mr. Cooper is 95 years old now. He is happy that people use cellphones. Mr. Cooper also has a new one. He likes them very much. He uses lots of APPs! But he thinks people look at their cellphones too much! Some people eat dinner and look at their cellphones. Some cross the street and look at their cell phones. That isn't good. A car can hit them. A cellphone can be an useful tool, but can also hurt(傷害) your life if you don't be careful.
